The Canada has, in the past 23 years, paid \$700,000 for death claims, and has never Contested one.

Ganada Fife Fssurance Company

ESTABLISHED 1847.

INCORPORATED BY SPECIAL ACT OF PARLIAMENT.

J. W. Marling, Genl. Agent for Lower Province.
25 PRINCE STREET, HALIFAX, N. S.

LIFE ASSURANCE FOR THE PEOPLE. What a LITTLE Money will do.

A person 25 years of age would secure to his survivors \$5000 in the event of his death, by an annual payment of \$95, or a little more than

25 CENTS DAILY.

Moreover this Policy will be constantly increasing in value, so that a the present rate of profits, he might live to see his Policy more than double in amount. Can

25 CENTS A DAY

be better laid out than this?

At 30 years of age an Endowment Policy of \$3000, payable at 60 or death, with profits, would be secured by an annual payment of \$92.70, or say

25 CENTS A DAY.

At 35 years of age \$93.40 per annum, or but a trifle more that

25 CENTS A DAY

for 10 years only, will secure to your heirs \$2000 and profits, at death or a payment of \$102.80 per annum during life will secure a Policy of \$4000, payable, with additions from profits, whenever death take place.

When 40 years of age a Policy of \$2000 and accumulation from profits, may still be had for

25 CENTS A DAY.

Five years later and at 45 a premium of \$103.80, or a Dolla a month more than

25 CENTS A DAY,

will secure \$2000 and profits, payable to one's self at 65 years age; or in the event of previous death, it would be paid to the survivor

Can you not spare 25 cents daily?

Will you?
